# *Humans Horses Harmony*

AT THE

WIRELESS-FREE FARM

part of LVAC

We use Equine Facilitated Learning with focus on teaching horsemanship in a natural horse herd environment.

Learn about equine behaviour and how horses communicate, through learning about 'feel' and observation of body language.

Learn to speak 'HORSE' and interact with them safely; in a way that they are able to understand.

**Please note:** We are not a riding school and do not offer horseback riding.

Get hands-on with grooming, stable care, and learning how to meet your pony's needs.

Our horses live freely in a 24/7 herd environment, which keeps them relaxed, authentic, and open to true connection.

This natural setting creates the foundation for harmony between horse and human, where real bonds can grow

We'll guide you to express yourself with kindness, clarity, and respect - and above all, we'll have fun together!

Please bring a hard hat for children under 14 if you would like them to wear one.

Please note: A general disclaimer will have to be signed before starting their first session.
