A Wonderful Start for Parent & Child

This is a beautiful way for young people and a parent to begin The Path to Harmony together.

Imagine if we had all learned to speak 'HORSE' when we were young; how much easier and more rewarding our equine journeys would have been! With this foundation, children gain essential skills in two-way communication, self-awareness, observation, mindfulness, and understanding equine behaviour. These skills create strong bonds with horses and support success in pony club or any discipline they choose.

For parents - even those who aren't very 'horsey' - this is one of the best gifts you can give your child. You'll foster their love, understanding, and confidence while discovering insights for yourself along the way.

A truly special experience to deepen the bond between parent and child, while building lifelong harmony with horses

Harmony ~ Parent and Child

Testimonial:

"My daughter and I enjoyed your course hugely. Your horses and ponies are wonderful and have helped me with my confidence with horses and Madeleine with her knowledge. She has spoken to her friends about the course in a very positive manner, so she has obviously really enjoyed it."
